

THE POWER OF PROXIMITY

Bunkers at Sea (BAS) will literally meet you halfway.

This is our offer:

- a complete range of top quality bunker fuels and lubricating oils at highly competitive rates
- bunkering in open sea at several offshore bunker locations, saving you port calling costs and precious time
- in-port bunkering where you would otherwise depend on expensive and time-consuming fuelling by trucks
- two dedicated hi-performance barges, VERA and SARA, with sophisticated in-line blending systems
- safety and environmental procedures exceeding the highest international standards

These are just some of our offshore bunkering locations:

English Channel:

- Ramsgate (South Falls Head): 51° 28' N – 1° 48' E
- Le Havre: 49° 38.3' N – 000° 57.2' W
- Dieppe: 50° 15' N – 000° 45' E
- Isle of Wight: 50° 38' N – 000° 15' W

North Sea:

- Humber: 53° 31' N – 000° 45' E
- Tees: 54° 53' N – 000° 54' W
- Moray Firth: 58° 00' N – 002° 10' W

St. George Channel:

- North of Strumble Head: 52° 16' N – 005° 00' W
